L'entry level di Scapin nella fascia front offre divertimento, qualità e sicurezza, con un occhio al budget.

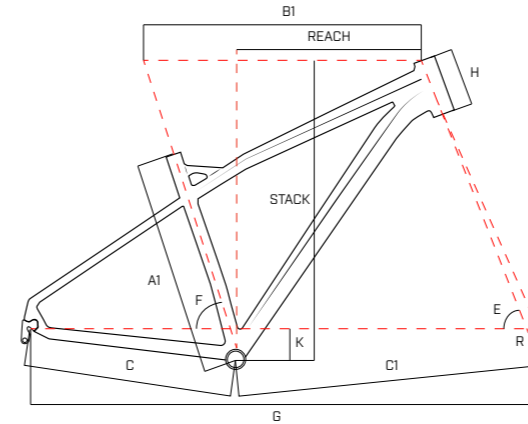

Kyoto presenta telaio idroformato a doppio spessore con forme esclusive e geometrie per 29". Nato dalla grande esperienza Scapin nel mondo delle gare XC, Kyoto presenta carro posteriore molto compatto, per garantire scatto e reattività e un avantreno con escursione della forcella da 100mm, per aggredire in sicurezza qualsiasi terreno. E' disponibile in cinque allestimenti, con tre opzioni forcella e due diversi set ruote.

Tra i montaggi, anche una versione con corona singola e pacco pignoni da 12/46.

Scapin entry level proposal, in the front-suspended range, provides fun, quality and safety, with an eye on budget.

Kyoto specifies aluminum double butted hydroformed frame with custom shapes and geometries adapted to the 29" standard. Born of Scapin experience in the world of XC races, Kyoto features very compact rear stays, to ensure fast acceleration and perfect handling, and a front suspension fork with 100 ml travel to safely face any terrain and track. It is available in five groupset packages, three fork options and two wheelset options.

Groupsets include a single speed version (12/46 sprocket).
